PROFILE SUMMARY

With a rich background spanning over six years in videography, photography, and editing, I bring a wealth of expertise from content creation to social media marketing. For the past two and half years, I have honed my skills leveraging various multimedia applications for shooting, editing, and post-production. My proficiency extends to utilizing latest AI Tools and Generative AI, a deep understanding of videography, proficiency in diverse software applications, and mastery of advanced camera technologies, notably cinema line models like the Sony FX3 and Sony FX30 and High-end hybrid cameras like Sony A7RV and Sony A7IV. I am dedicated to crafting visually compelling content through adept storytelling, technical finesse, and meticulous planning.
